Additional Teletype Machine for Tokyo Bureau, FBIB

1. This office has requested authorization for the purchase of one additional M-19 teletype machine for the Tokyo Bureau, FBIB. This additional machine is deemed necessary due to the fact that there is at present only one teletype machine in use in the Tokyo Bureau, necessitating stoppage of transmission during breakdowns or during necessary repair and maintenance work.

2. Authority for purchase of the additional teletype machine, at cost of \$1,521.00, through the facilities of the 8th Army Signal Corps and pursuant to letter AGO-400, has been granted by Services Branch, contingent upon the concurrence of the Assistant Director for Operations or his authorized designee.

3. Approval for the above purchase is requested.
